

The I AM said: I AM ONE, I AM PERFECT, I AM GOOD*

I AM ONE = Singularity.
I AM PERFECT = Self identification / differentiation with the formation of the Pre-Thought Sphere.
I AM GOOD = Premolition at the core.

ETERNITY
Pre-Will (Premolition) preceded Pre-Thought (Promotion). In other words, Premolition, which can be defined as the original *desire* to DO GOOD, preceded Promotion, which is the Pre-Thought *plan* to DO GOOD.

Premolition therefore, sits at the center of ALL, including all Paradise patterns, because once the I AM self-identified as the Infinite One (Father-I AM) He first decided He was going to DO GOOD before He knew exactly what it was He wanted to do.

As He formulated His Premolition plan the Pre-Thought sphere differentiated from the Infinitude while retaining Infinity which was next sliced into discs that form the infinite number of Paradise patterns. The Pre-Will of the Father-I AM is tethered to the center of each disc or Paradise Pattern and forms a Premolition Circuit.

It is through this Premolition Circuit that all future Master Universes (MUs) are both initiated and powered and it's also how one can travel back to the Father-I AM and between the infinite number of MUs just like one can use the various forms of gravity circuits now.

"In following the chronological portrayal of the origins of reality, there must be a postulated theoretical moment of "first" volitional expression and "first" repercussional reaction within the I AM. In our attempts to portray the genesis and generation of reality, this stage may be conceived as the self-differentiation of The Infinite One from The Infinitude, but the postulation of this dual relationship must always be expanded to a triune conception by the recognition of the eternal continuum of The Infinity, the I AM."

INFINITY
Universe creation can go on without end because the Father-Infinite is capable of producing an infinite number of Functional Absolutes and the Father-I AM is capable of producing an infinite number of Paradise Patterns which were sliced from the original Pre-Thought Sphere. Therefore, there exists an Infinity of Infinities!

FATHERHOOD
The functional area of the Father-I AM is responsible for Pre-Will, Pre-Thought and Pre-Action which is everything the other side of the Premolition Doorway. The Father-Infinite, in function, is responsible for all conceptuels, potentials and actuals in accordance with the Grand Purposes which started with the First Thought/Cause/Concept.

METATRON
Metatron is Emergency Responder for all MUs and He can travel the Premolition Circuit in a flash should problems erupt. He can use whatever level of power is appropriate including a power greater than absolute which emanates from the center Premolition core of the Pre-Thought Sphere and it appears to be PURE LOVE.

THE GREAT PLAN
The Primary Purpose is the First Thought of the Universal Father that resulted in the Eternal Son and the Isle of Paradise.

The Secondary Purpose is the unification of all 3 Levels of the Trinity of Trinities and the emergence of the Father-Infinite concomitant with the creation of the first Subsequent Thought. Subsequent Thoughts include [1] Functional Absolutes and [2] new Paradise Patterns.

[1] Entire MU administrations will be trained within this MU by the Father-Infinite for service in new Macro and Micro MU building adventures. These Functional Absolutes will become ONE yet they will be made up of MANY personalities.

[2] New Paradise Patterns which are sliced from the original Pre-Thought (Premolition)/Pre-Action (Promotion) spherical master pattern of the Father-I AM will be used to form new I AMs.

The Functional Absolutes (MU Administrations unified into ONE being) created and perfected by the Father-Infinite will be combined with a new Paradise Pattern of the Father-I AM forming a new I AM. These new I AMs will be Subsequent Thought or Cause, because the original Uncaused-Cause is the First Thought/Cause of this master pattern MU.

This new Subsequent Thought/Cause will then be launched by the Father-I AM in the Infinitude as He is the Pre-Cause initiator of all Subsequent Thoughts/Causes.

This can go on without end because the Father-Infinite is capable of producing an infinite number of Functional Absolutes and the Father-I AM is capable of producing an infinite number of Paradise Patterns. Therefore, there exists an "Infinity of Infinities!"

THE PRE-THOUGHT SPHERE
The I AM as a unified singularity and the absolute potential of all, is pure potential and purpose with Premolition as its core.

THE I AM ACTUALIZES
The first pattern is applied and the material foundation of the Master Universe is created;

concurrently with the differentiation of the First Source and Center (FSC) and the Unqualified Absolute (UA) as counterbalancing forces*.

The net result is the appearance of the perfect central universe, kept in eternal perfection by the combined pressure of the FSC and the UA.

GLOSSARY OF TERMS

CIRCLE OF ETERNITY
The Circle of Eternity is built by experience after experience in age after age and is populated by the Second Level of the Trinity of Trinities: God the Supreme, God the Ultimate and God the Absolute (who is experiential AND existential). This is experiential PROCESS within the evolving MU. See also Circle of Infinity.

CIRCLE OF INFINITY
The Circle of Infinity is existential and is populated by the Third Level of the Trinity of Trinities which includes the 7 Absolutes. This is existential PATTERN resident on Paradise. The Circle of Infinity and the Circle of Eternity become ONE upon the unification of the Second and Third Levels of the Trinity of Trinities resulting in the actualization of the Father-Infinite who is fully experiential. See also Circle of Eternity.

DYNAMIC INFINITY
Dynamic Infinity exists within the Circle of Eternity because the experiential Gods (Supreme, Ultimate and Absolute) are subject to the dynamism of freewill. It's unpredictable and constantly changing.

PREMOLITION
The Pre-Will of the Father-I AM is the original desire to DO GOOD. Love is defined as the desire to DO GOOD to others. Premolition is ORIGINAL LOVE and is the core of the Pre-Thought sphere that contains Infinity within the Infinitude.

PREMOLITION CIRCUIT
The Pre-Will of the Father-I AM is tethered to the center of each new I AM / Master Universe Paradise Pattern and this is called the Premolition Circuit. It is through this Premolition Circuit that all future MUs are both initiated and powered and it's also where one may travel back to the Father-I AM and between the infinite number of MUs just like one can use the various forms of gravity circuits now.

PREMOLITION DOORWAY
Sits directly above the 3 Sources and Center of the Isle of Paradise. Inside the doorway is the number 1 as all patterns begin and end with 1.

At Master Universe maturity the Father-Infinite wraps around the entire MU like an eggshell which can continue expanding infinitely outward.

The Premolition Doorway is akin to a birth canal where each new I AM exits this MU while remaining attached by the umbilical-like Premolition Circuit.

PROMOTION
Pre-Action, which is the Pre-Will (Premolition) / Pre-Thought PLAN to DO GOOD. See also Premolition.

PRE-THOUGHT SPHERE
The original Pre-Will (Premolition) / Pre-Action (Promotion) spherical master pattern or PLAN of the Father-I AM. Pre-Will (Premolition) preceded the formation of the Pre-Thought Sphere which preceded Pre-Action (Promotion) that differentiated infinite patterns within the original infinite pattern.

REACTIVE INFINITY
Reactive Infinity is when Static Infinity REACTS to a tension with Dynamic Infinity once it strays off course and then forces a course correction to ensure a successful ending. This is why the Deity Absolute, Universal Absolute and God the Ultimate participate in the Metatron Deity collective alongside God the Sevenfold. Reactive Infinity reverberates from the confluence of the existential Circle of Infinity and the experiential Circle of Eternity which resides in the Universal Absolute in his role as the Consummator of Universe Destiny.

STATIC INFINITY
Static Infinity exists within the changeless nature of the 7 Absolutes that populate the Circle of Infinity.

SYMPHONY OF CREATION
The Symphony of Creation envelops the Primary Premolition Circuit. In three dimensional space it has the shape of a double spiral, and will deliver the building materials for all duplicate Macro Master Universes.

FOOTNOTE
* There is nothing else in the Master Universe that is shaped like the enormous object known as Paradise. Everywhere spheres are the norm, even in perfect Havona. A flat disk is a complete oddity, and there must be an explanation for its shape.

The reason for the flattened southern end of Paradise has already been explained in the Central Isle of Paradise poster, but why is it a disk rather than a sphere is explained now. It is the enormous pulling pressure between the FSC and the UA that does the flattening. This is what happened when Father "banished" the Unqualified Absolute to nether Paradise. The FSC and the UA act like two powerful magnets pulling toward each other in an attempt to return to the original state of the singular I AM. Paradise is the obstacle that allows the two to remain separated while creating and maintaining the pressure needed to build everything else.
